

Dear Anchored In Hope Powerlifter,

Thank you for your generous heart in joining our cause here at Hannah's Care Packages! Our mission is to, through care packages, bring love, hope, and encouragement to parents who have extended hospital stays while their children are in treatment. We want to invite you to be a part of that hope and encouragement by directly linking with the families that inspire our organization.

How Team Anchored In Hope works:

- We pair you up with a local family who's been touched by HCP and received a package. You and the family will receive each other's contact info and are encouraged to interact via social media, phone, Skype, or even in person.
- Your goal will be to connect with this family on a deeper, more personal level.
- Donations go to HCP as an organization— not your partner family.
- You are welcome to lift, in honor of your family, by wearing or creating something specific to them.
- We encourage you to meet and interact with your designated family during the competition.
- Please keep in contact with your family after the meet, as you will be able to be their lifter next year if you so choose.

If you would like to be a part of Team Anchored in Hope please fill this form out and we will be in touch!
(Please attach a photo of you and/or your family)

I, _____, promise to uphold the mission of HCP during my contact with my partner family and promise to keep the families information and photos private unless my family gives me signed permission to use them. A copy of signed permission will be submitted to HCP before posting anything to social media. I will not fundraise for the family individually 4 months before and after the Anchored in Iron meet, in which said fundraisers will not be held or associated with HCP or Anchored in Iron in any way.
